

Course Title:	Masters of Arts: Scenic Art
Duration of course	One Year: Full Time
	<p>Applicants would normally be expected to have an Honours degree in a related subject area such as Fine Art, Illustration, Painting and Drawing, Sculpture, Graphics, Film, TV, Animation or Theatre. However, applicants with extensive relevant professional experience will also be considered. For speakers of English as a second language an IELTS 7.0 (International English Language Testing System) or equivalent is the minimum requirement with a minimum of 7.0 in each component of reading, writing, listening and speaking.</p> <p>The selection process is entirely through interview and consideration of a comprehensive portfolio of artwork. There are no interview fees.</p>
Course outline:	<p>This Masters level course provides students with advanced level skills and knowledge in scenic art such that they can be employed directly on completion of the course in high-end professional scenic art departments or as freelancers in the theatre, opera and animation industries. These skills include advanced level faux finishes, such as wood graining and marbling, how to manage and run a team from first production meeting through till full realisation, including costing, quantifying and all Health and Safety considerations. Advanced perspective drawing, scenically painting an Old Master, 3D carving and a wide range of techniques including textural finishes are covered.</p> <p>As such, this highly specialist course is unique in England in providing students with a learning environment within a conservatoire drama school, enabling their completed work as scenic artists to normally be seen on professional stages in Bristol or exhibited in a public art gallery or online. Students work closely with designers and other production departments learning collaborative, problem solving and creative interpretation skills. Their learning is in line with industry expectations which is further tested in a series of mock interviews with high level professionals and normally through an industry placement.</p>

In line with current Government regulations, it is anticipated that teaching and learning in 2021-22 will be a blend of online virtual learning (retaining the innovative practice developed in the last two years) and face to face learning. The exact mix will be kept under review as Government regulations change and communicated to you in advance.</p> <p>The course is highly practical, and career focused. It is integrated with the School's other courses and students usually contribute to School productions in local professional theatres. Teaching is led through practical workshops where a great deal of time is spent learning and exploring many specialist techniques.</p> <p>The Course also features one-to- one Masterclasses. The resulting work by the students is realised for professional standard portfolios.</p> <p>The learning is immersive and singular in its focus on high level specialist professional employability as a main learning outcome. There is a maximum of four students accepted on this course.</p> <p>Placement learning</p> <p>The Course includes a compulsory practice placement element. Students will normally spend two to three weeks on placement, typically in a professional theatre or specialist scenic workshop or online if government restrictions apply. The placement is arranged by negotiation between the student, the course tutor and the placement organisation with due regard to the student's profile, and other course commitments. Monitoring of the placement is undertaken by School staff. The placement organisation will provide a mentor for the student who will also act as a contact for the School. Where possible, both student and placement organisation will provide a report of the student's performance whilst on placement.</p>
<p>Workload including number of contact hours with School staff and expected self-study:</p>	<p>The learning is immersive with students taught / supervised by teaching staff an average of 35 hours per week in term time.</p> <p>Students will normally be studying Monday – Friday between 9.00am and 6.00pm although during productions, there will also be evening and weekend work. Students should expect to undertake an average of five hours self-study per week. Usual class size is four. When working on productions, Scenic Art students will work with other groups of students from across the School.</p>
<p>The overall methods of assessment for the Modules (for example exams, Course work or practical assignments):</p>	<p>The assessment strategy for this Course is appropriate for professional practice modules. This means that you will be assessed on the process and execution of producing a copy of an old master painting, the process and execution of producing scenic art for the School's normally public productions, the process and execution of managing a scenic art department and the process and execution of your work during the work placement and professional exhibition. For each module, students will need to maintain an annotated portfolio/diary of their learning and complete a self-assessment.</p>

	<p>Assessment is practical project based and includes detailed written feedback from teaching staff and the student's own self-critical annotated portfolio / diary and written self-assessment.</p> <p>All modules are assessed by coursework (meaning there are no exams).</p> <p>Students are assessed on their professional practice on a pass or fail basis. Judgements about students' performance are made in keeping with the relevant industry standards.</p>
